The project

- **Description:** construction of Beshenkovichi hydro-electric power plant with the capacity of 33 MW on the river Zapadnaya Dvina, ship lock construction, preparation of the reservoir bed. Maximum water flow rate - 465 m³/s
- **Project branch:** electric energy
- **Project location:** Vitebsk region, Beshenkovichi district
- **Financing requirement for investor:** \$186 mln.
- **Total investment:** \$186 mln.
- **Type of investor participation:** direct investments

Investment offer

Preliminary indicators of project efficiency - defined by investor

Competitive advantages of the project

Infrastructure available

- Railway lines and roads: republican motor roads (distance 10 km)
- Communications availability: electricity (voltage: 110 kV, distance: 1 km)

Strategic advantages

- Distribution network
- Guaranteed volume of orders
