

Investment offer

New technologies for production of nano-, micro- and grinding powders of diamond and cubic boron nitride (CBN) and composite materials based on them

Investment offer

General information

Company's characteristics	Domestic market and key sector indicators
<p><i>Company's name:</i> State Scientific and Production Association Scientific-Practical Materials Research Centre of the National Academy of Sciences of Belarus</p> <p><i>Ownership:</i> state – 100%</p> <p><i>Registration date:</i> November, 2007</p> <p><i>Address:</i> Minsk, 19 Brovki str.</p>	<p><i>Product:</i> Synthetic diamond, cubic boron nitride and related tools for difficult-to-cut materials (metal, concrete)</p> <p><i>Market capacity:</i> \$2-3 mln.</p> <p><i>Main consumers:</i> Ministry of Industry, Ministry of construction</p> <p><i>Return on sales:</i> 25%</p> <p><i>Average nominal monthly wages of the similar businesses:</i> \$1000</p>

The project

- **Project branch:** toolmaking industry and microelectronics
- **Project location:** Minsk, 19 Brovki str.
- **Anticipated start date of the project:** 2013
- **Financing requirement for investor:** \$5 mln.
- **Total investment:** \$5 mln.
- **Type of investor participation:** establishment of a joint venture

Investment offer

Preliminary indicators of project efficiency

- Sales revenue, excl. VAT (after reaching the estimated capacity): **\$1.7 mln.**
- Pay-back period: **3 years**

Competitive advantages of the project

Infrastructure available

- Republican motor roads
- Power grid (voltage: 380V, distance in km: 30)
- Plumbing
- Land availability (area: 2000 m², purpose: laboratory and industrial building)
- Presence of structures (area: 500 m², purpose: laboratory and industrial building)
- Warehouses, logistics terminals (area: 100 m²)
- Potential for expansion and installation of additional production capacities
- Possibility to build the necessary infrastructure via state budgetary financing

Strategic advantages

- Profiled staff
- Undersaturated Belarusian market of the production proposed
- Entry into the Common Economic Space market
- Guaranteed volume of orders
- Availability of valid patents, licenses, permits
