

**GOMEL REGION**

<b>№</b>	<b>Location</b>	<b>Approximate land plot area, ha</b>	<b>Possible ways of use</b>	<b>Infrastructure</b>	<b>Encumbrances</b>	<b>Preliminary cadastral value, thousand USD</b>
<b>Gomel town</b>						
1	Oktjabrja ave. – Studencheskij passage	2	construction of a shopping center or multifamily housing (demolition of residential houses)	The plot is located in the existing building with the existing engineering infrastructure.	Data on restrictions (encumbrances) of the rights to use the land currently available.	1508,2
2	within Lazurnoj – Obezdnaj str.	3	construction of an industrial objects (which includes logistics center), municipal, storage and administrative assignment	The plot is located in the existing building with the existing engineering infrastructure.	Data on restrictions (encumbrances) of the rights to use the land currently available.	1014,8
3	Shevchenko str. (area bus station)	0.7	for the construction of a restaurant or shopping - administrative building (with the demolition of two residential buildings barrack-like 11, 17, and demolition of warehouses along the railroad)	The plot is located in the existing building with the existing engineering infrastructure.	Data on restrictions (encumbrances) of the rights to use the land currently available.	1122,8
4	Sovetskaja – Efremova str.	1	construction of hotel facilities (demolition of residential houses No. 218, 220)	The plot is located in the existing building with the existing engineering infrastructure.	Data on restrictions (encumbrances) of the rights to use the land currently available.	861,8
5	69, Sovetskaja str.	0.35	multifunctional complex (demolition of a residential house)	The plot is located in the existing building with the existing engineering infrastructure.	Data on restrictions (encumbrances) of the rights to use the land currently available.	561,4
6	Mazurova str. (area of the Palace of water sports)	1.2	construction of a hotel and foodservice	The plot is located in the existing building with the existing engineering infrastructure.	Data on restrictions (encumbrances) of the rights to use the land currently available.	1343,03
7	The 8th Il'ich Lane	3,8934	Construction of manufacturing buildings, constructions	The plot is located in the existing building with the existing engineering infrastructure.	Data on restrictions (encumbrances) of the rights to use the land currently available.	1073,02
8	In the bay of the river Sozh	0,945	Construction of an yacht club	The accommodation area of the land is no engineering infrastructure.	Data on restrictions (encumbrances) of the rights to use the land currently available.	769,23
9	Mazurov Str. (area of the Ice arena, odd party)	2,8	aquapark, including floor spaces, object of public catering (taking into account the organization of a sanitary protection zone)	The plot is located in the existing building with the existing engineering infrastructure.	Data on restrictions (encumbrances) of the rights to use the land currently available.	3686,76
10	in borders of Objezdnyaya - Barykina Str.	3	for building of object of production appointment (including logistic center), municipal and warehouse and administrative appointment (if necessary carrying out of engineering networks and organization of a sanitary protection zone)	The plot is located in the existing building with the existing engineering infrastructure.	Data on restrictions (encumbrances) of the rights to use the land currently available.	639,6
11	in borders of Objezdnyaya - Barykina Str.	2	for building of object of production appointment (including logistic center), municipal and warehouse and administrative appointment (if necessary carrying out of engineering networks and organization of a sanitary protection zone)	The plot is located in the existing building with the existing engineering infrastructure.	Data on restrictions (encumbrances) of the rights to use the land currently available.	426,4

12	Objezdnaya Str. (around OJSC Gomelsky DSK)	1,6	for building of object of production appointment (including logistic center), municipal and warehouse and administrative appointment, including service station, gas station (if necessary carrying out of engineering networks and organization of a sanitary protection zone)	The plot is located in the existing building with the existing engineering infrastructure.	Data on restrictions (encumbrances) of the rights to use the land currently available.	540,8
13	Objezdnaya Str. (around OJSC Gomelsky DSK)	2	for building of object of production appointment (including logistic center), municipal and warehouse and administrative appointment (if necessary carrying out of engineering networks and organization of a sanitary protection zone)	The plot is located in the existing building with the existing engineering infrastructure.	Data on restrictions (encumbrances) of the rights to use the land currently available.	676
14	in borders of Ilyicha – Stepan Razin – Sevastopolskaya str.	1	for construction of a multipurpose trade, cultural and entertaining, sports and improving complex, restaurant, object of public catering (demolition of houses, other constructions, and also carrying out of engineering networks and the organization of a sanitary protection zone is required)	The plot is located in the existing building with the existing engineering infrastructure.	Land is limited in use due to its location in the protected zones of engineering infrastructure (infrastructure).	969,6
15	in borders of Ilyich – Leningradskaya – Sevastopolskaya str.	0,66	for construction of a multipurpose trade, cultural and entertaining, sports and improving complex, restaurant, object of public catering (demolition of houses, other constructions, and also carrying out of engineering networks and the organization of a sanitary protection zone is required)	The plot is located in the existing building with the existing engineering infrastructure.	Land is limited in use due to its location in the protected zones of engineering infrastructure (infrastructure).	639,93
16	in borders of Plekhanov - Frunze str.	0,88	for shopping mall construction with objects of public catering (demolition of houses, other constructions, and also carrying out of engineering networks and the organization of a sanitary protection zone is required)	The plot is located in the existing building with the existing engineering infrastructure.	Land is limited in use due to its location in the protected zones of engineering infrastructure (infrastructure).	1411,52
17	Barykin str. (position 51 on the general plan)	0,35	for construction of shopping center (demolition of houses, other constructions, and also carrying out of engineering networks and the organization of a sanitary protection zone is required)	The plot is located in the existing building with the existing engineering infrastructure.	Land is limited in use due to its location in the protected zones of engineering infrastructure (infrastructure).	485,97
18	Barykin str. (position 52 on the general plan)	0,33	for construction of shopping center (demolition of houses, other constructions, and also carrying out of engineering networks and the organization of a sanitary protection zone is required)	The plot is located in the existing building with the existing engineering infrastructure.	Land is limited in use due to its location in the protected zones of engineering infrastructure (infrastructure).	458,2
19	Barykin str. (position 50 on the general plan)	0,38	for construction of shopping center (demolition of houses, other constructions, and also carrying out of engineering networks and the organization of a sanitary protection zone is required)	The plot is located in the existing building with the existing engineering infrastructure.	Land is limited in use due to its location in the protected zones of engineering infrastructure (infrastructure).	527,63
20	Barykin str. (position 49 on the general plan)	0,28	for construction of shopping center (demolition of houses, other constructions, and also carrying out of engineering networks and the organization of a sanitary protection zone is required)	The plot is located in the existing building with the existing engineering infrastructure.	Land is limited in use due to its location in the protected zones of engineering infrastructure (infrastructure).	388,78

21	Barykin str. (position 48 on the general plan)	0,42	for construction of shopping center (demolition of houses, other constructions, and also carrying out of engineering networks and the organization of a sanitary protection zone is required)	The plot is located in the existing building with the existing engineering infrastructure.	Land is limited in use due to its location in the protected zones of engineering infrastructure (infrastructure).	583,17
22	Mezhdugorodnyaya str.	0,33	for construction of shopping center (demolition of houses, other constructions, and also carrying out of engineering networks and the organization of a sanitary protection zone is required)	The plot is located in the existing building with the existing engineering infrastructure.	On a plot of restrictions (encumbrances) of the rights to use there.	284,39
23	18 residential district (position 50 on the general plan)	0,67 ra	for parking construction on 300 places with placement of objects of consumer services (a laundry, a dry-cleaner, etc.), possible placement of trade, service station, (improvement performance, within the master plan coordinated with the design organization by the developer, if necessary carrying out of engineering networks and the organization of a sanitary protection zone is required)	The existing road network, network engineering.	Data on restrictions (encumbrances) of the rights to use the land currently available.	882,18
24	18 residential district (position 40a, 41a on the general plan)	0,67 ra	for construction of the building of public catering and hotel (improvement performance, within the master plan coordinated with the design organization by the developer, if necessary carrying out of engineering networks and the organization of a sanitary protection zone is required)	The existing road network, network engineering.	Data on restrictions (encumbrances) of the rights to use the land currently available.	882,18
25	18 residential district (position 45 on the general plan)	0,4 ra	for construction of the building cultural leisure and spectacular appointment (improvement performance, within the master plan coordinated with the design organization by the developer, if necessary carrying out of engineering networks and the organization of a sanitary protection zone is required)	The existing road network, network engineering.	Data on restrictions (encumbrances) of the rights to use the land currently available.	526,68
26	Dobrushskaya Str. (around gas station)	3,9 ra	for construction of the building cultural leisure and spectacular appointment (improvement performance, within the master plan coordinated with the design organization by the developer, if necessary carrying out of engineering networks and the organization of a sanitary protection zone is required)	The plot is located in the existing building with the existing engineering infrastructure.	Data on restrictions (encumbrances) of the rights to use the land currently available.	2481,96
27	District 20a	0,48	For construction and maintenance of a multifunctional complex with sports and recreation facilities and public services (health and fitness to sports and recreational purposes, public services) (restrictions on use: security area networks and water supply and sanitation - 0.0400 hectares).	The plot is located in the existing building with the existing engineering infrastructure.	Land is limited in use due to its location in the protected zones of engineering infrastructure (network and sewage facilities, water supply).	436,65

28	In the quarter st. Gagarin Rechitsa Novovetrennoy-ul-continued. Karpovich	1, 7648	For the construction of multi-functional shopping complex with a further surrender of retail space for rent for group sales of industrial goods (land for placement of objects of unknown purpose), the demolition of houses and other buildings, if necessary, removal of utilities and the organization of the sanitary protection zone.	The plot is located in the existing building with the existing engineering infrastructure.	Land is limited in use due to its location in the protected zones of engineering infrastructure (network and sewage facilities, gas distribution system facilities, power grids).	2830,73
29	ul.Katunina-Karpovich-fare Krasnoarmeisky	0,5787	For the construction of multi-functional shopping complex with a further surrender of retail space for rent for group sales of industrial goods (land for placement of objects of unknown purpose), the demolition of houses and other buildings, if necessary, removal of utilities and the organization of the sanitary protection zone.	The plot is located in the existing building with the existing engineering infrastructure.	On a plot of restrictions (encumbrances) of the rights to use there.	928,23
30	Komissarov St., 2	0,27	for placement and construction of a multifunctional entertainment complex and hotel complex, or the building of a specialized cultural and educational purposes, or a 4-storey apartment building with built-in facilities with the demolition or renovation of an existing multi-storey building belonging to the housing stock (adjustment). Encumbrances (Land easement is not burdened. Demolition and reconstruction of multi-storey relating to the housing stock. The transfer (dismantling) of utilities to perform according to specifications stakeholders. The construction of underground parking for residents and an additional parking spaces for visitors to the park.	The plot is located in the existing building with the existing engineering infrastructure.	Land is limited in use due to its location in the protected zones of engineering infrastructure (infrastructure).	433 - for the public and business areas; 419 - for multi-zone
31	Kosmonavtov Avenue – Mogilevskaya Street	0,46	Construction of a trade and service centre	The plot is located in the existing building with the existing engineering infrastructure.	Land is limited in use due to its location in the protected zones of engineering infrastructure (infrastructure).	380
32	The area of the river Sozh	1,6	Encumbrances (need of demolition of buildings and constructions, dismantle or a turn of engineering networks, as much as possible to keep wood and shrubby vegetation)	The accommodation area of the land is no engineering infrastructure.	Land is limited in use due to its location on a natural area, subject to special protection (water protection zone of rivers and reservoirs).	1302,4
33	Micro-district No 18 (position No 41B, 41r according to the general layout)	0,14	Construction of a food store	The existing road network, network engineering.	Land is limited in use due to its location in the protected zones of engineering infrastructure (infrastructure).	184

34	Oktyabr Avenue-Karbishev Street	0,82	Construction of a multipurpose shopping entertainment complex (need of demolition of buildings and constructions, removal (dismantle) of the existing engineering networks)	The plot is located in the existing building with the existing engineering infrastructure.	Land is limited in use due to its location on a natural area, subject to special protection (water protection zone of rivers and reservoirs), in security zones of engineering infrastructure (networks and facilities of sewerage, water supply, heat supply, communication lines and installation of wired radio, electrical network) .	756
35	Oktyabr Avenue	0,8	Tennis court zone	The plot is located in the existing building with the existing engineering infrastructure.	Land is limited in use due to its location in the protected zones of engineering infrastructure (infrastructure).	737
36	In the quarter-Kurchatov street Shevchenko, Prospect Victory	0,96	for the construction of a multifunctional shopping and administrative facilities with catering facilities. Land is not burdened by an easement. Need demolition of buildings and structures, as well as the need to build an underground pedestrian crossing. Transfer (dismantling) of utilities to perform according to specifications stakeholders	The plot is located in the existing building with the existing engineering infrastructure.	Land is limited in use due to its location in the protected zones of engineering infrastructure (network and sewage facilities, water supply, communication lines and installation of wired radio, electric networks).	1540
<b>Bragin district</b>						
37	Bragin town settlement, Komsomol'skaja str.	1.2	Creation of industrial production	Urban water supply network 100m, electricity 10kW 50m, 300m gas supply. Asphalt-concrete cover to the land, the distance to the highway M-10, 71 km, republican roads P-35 3 km., Airport Gomel 125km, 25km railway g.Hovniki.	Restrictions on use of the land due to its location in an area exposed to radioactive contamination.	21,24
38	Malejki agro-town	3	Creation of industrial production	200m water supply network, electricity 10kW 50m, 300m gas supply. Asphalt-concrete cover to the land, the distance to the highway M-10, 71 km, republican roads P-35, 6 km., Airport Gomel 125km, 30km railway g.Hovniki.	Restrictions on use of the land due to its location in an area exposed to radioactive contamination.	2,4
39	Bragin town settlement, Zelenaja str.	11	creation and use of "station power generation based on solar radiation"	Urban water supply network 300m, electricity 10kW 200 m, gas 1000 m. Asphalt-concrete surface, 50m from the plot, the distance to the highway M-10, 71 km, republican roads P-35 5km., Gomel airport 125km, 25km railway g.Hovniki.	Restrictions on use of the land due to its location in an area exposed to radioactive contamination.	118,8
40	Mikulichi agro-town	1	Placing objects of roadside service	City 100m water supply, electricity 10kW 100m, 100m gas supply. Asphalt-concrete cover to the land, the distance to the highway M-10, 70 km, republican roads P-35, 6 km., 135 km Gomel Airport, railway g.Hovniki 20km.	Restrictions on use of the land due to its location in an area exposed to radioactive contamination.	1,4
41	Bragin town settlement, Mekhanizatorov str.	0,5	placement of objects of trade	City 100m water supply, supply of hot water, central water supply 100m, electricity 10kW 100 m, 100 m sewerage, gas supply 300m. Asphalt-concrete cover to the land, the distance to the highway M-10, 70 km, republican roads P-35 4 km., Airport Gomel 125km, 30km railway g.Hovniki.	Restrictions on use of the land due to its location in an area exposed to radioactive contamination.	10,4

Buda-Koshelevsk district						
42	Buda-Koshelevo, Drozda str. near shopping outlet	1.5	industry	Electricity 50	there is in a power line zone, a security zone of the gas pipeline	49,05
43	Buda-Koshelevo, near Zalinejnaja str.	2	industry	Electricity 0,2 , Heating system 0,1, Drinking water 0,1, Industrial water 0,1, Sewerage 0,1, Gas supply 0,1, 0,1, 0,2.	there is in a power line zone	136,4
44	Nedoyk's village, Sovetskaya Str.	2,5	object of roadside service, food point	Electricity 50, Drinking water 50, Industrial water 50, Wells 50.	there is in a roadside strip of the highway, the water preserving zone of the river	16,5
45	Nedoyk's village, Sovetskaya Str.	3	for construction and service of trade object	Electricity 50, Drinking water 50, Industrial water 50, Wells 50.	-	19,8
46	Fighter settlement	2	for construction and service of trade object	Electricity 50	-	13
47	Light settlement	1,8	for construction and service of trade object	Electricity 50	-	11,34
48	etc. Zabolote	0,5	for the construction of a gas station	Electricity 50	-	1,8
49	near the item of Uvarovichi	4,8	for construction of the line of processing of the bituminous containing and asphalt concrete mixes	Electricity 0,05, Drinking water 1, Gas supply 1	-	24
Vetkovsk district						
50	Vetka town, Lunacharskogo str. (near the gas station)	0.1	placing objects of roadside service	R-30, the availability of access roads	electricity, drinking water, service water, sewer, gas,	19,62
51	Hal'ch village, 4B, Shkol'naja str.	0.5	construction of a tourism estate	R-30, the availability of access roads	electricity, drinking water, process water, gas	5,85
52	Vetka town, D. Kovalyov St., 116A	1,0	Placement of investment objects under production and (or) creation of workplaces	R-124	electricity, drinking water, sewage	94,9
53	Chalk deposits "Podkamenie" and "Wide"	396,32	construction of cement works	R-30	no	1981,6
Gomel district						
54	near regional settlement Bol'shevik	2	construction and maintenance of industrial objects	Engineering infrastructure: electricity (500 m.); process water (700 m.); sewerage (700 m.); gas supply (700 m.). Trasnpornaya infrastructure: roads of national importance (2 km.); Railway (0.5 km.).	Restrictions in the use of land for ground signs, as well as on the basis of information contained in the land information system of the Gomel region is not revealed	66,8
Dobrush district						
55	Dobrush town, Frunze str.	1 – 1,5	industry, service diverse	Line of electricity transmission 10 кВ, sources of water-supply, telephone network. Possibility of connecting of gas-supplying and sewage system. Railway in availability a to 1 kilometre, to the motorway of M- 10 (Border of РФ-Гомель-Кобрин) about 2 kilometres	no	53,1-79,65
56	Dobrush town, Oktjabr'skaja str.	1,2	industry, service diverse	Line of electricity transmission 10 кВ, sources of water-supply, telephone network, systems of outward illumination. Possibility of connecting of gas-supplying and sewage system	no	42,96
57	Terehovka town settlement, after Zalinejnoj str.	1,55	industry, service diverse	Line of electricity transmission 10 кВ, sources of water-supply, telephone network, systems of outward illumination. Possibility of connecting of gas-supplying and sewage system. Railway in availability a to 0,1 kilometre, to the highway of republican value about 2 kilometres	no	13,95

58	Dobrush town, Lesnaya str.	3,4	industry, logistics diverse	Line of electricity transmission 10 кВ, sources of water-supply, telephone network, outward illumination. Possibility of connecting of gas-supplying and sewage system. Railway in availability a to 1,5 kilometre, to the motorway of republican value an about 2,2 kilometre	no	180,54
59	Dobrush town, Lunacharskogo avenue	0,38	for construction of the shopping facility	Line of electricity transmission 10 кВ, sources of water-supply, telephone network, outward illumination. Possibility of connecting of gas-supplying and sewage system. Railway in availability a to 0,5 kilometre, to the motorway of М- 10 (Border of РФ-Гомель-Кобрин) an about 2,1 kilometre	An area is located in the bank-protection zone of the river Ипутъ	34,428
<b>Elsk district</b>						
60	El'sk town, Lomonosova str.	2	allocation of industrial and warehouse facilities	Transportation: highway adjacent Yelsk-Sanyuk; to 2 km of roads of national importance Mozyr- gr.Ukrainy (P-31); to 186 km of the airport "Gomel"; up to 2 km Railway Kalinkavichy-gr.Ukrainy; There are access roads. Utilities: power supply up to 500 m line of 10 kV; Drinking water 300m 3,4322925 bar; process water up to 300m 3,4322925 bar; kanalizatsmya 300m-gravity collector; gas supply to 200m- pipeline of low pressure. Surrounding infrastructure: Yale adjacent liquefied gas plant, the production base PE "Yale PMK-96"	no	61,4
61	Bobrujki village of the rural council of Mlynoksk	10	allocation of industrial and warehouse facilities	Transport: 4 km to the adjacent highway Yelsk-Sanyuk; to 4 km of roads of national importance Mozyr-gr.Ukrainy (P-31); to 190 km of the airport "Gomel"; 8 km Railway Kalinkavichy-gr.Ukrainy; There are access roads. Utilities: power supply up to 200 m line of 10 kV. Surrounding infrastructure: homes.	no	22
62	El'sk town, Lomonosova str.	0,2	allocation retail and warehouse facilities	Transportation: highway adjacent Yelsk-Sanyuk; up to 2.5 km road of republican significance Mozyr- gr.Ukrainy (P-31); 186.5 km to the airport "Gomel"; up to 1.5 km Railway Kalinkavichy-gr.Ukrainy; There are access roads. Utilities: power supply up to 600 m line of 10 kV; drinking water up to 200m 3,4322925 bar; process water up to 200m 3,4322925 bar; kanalizatsmya up to 200m-gravity collector; gas supply to 300m- pipeline of low pressure. Surrounding infrastructure: industrial base adjacent Yale LPG plant, houses.	no	12,34

63	Elsk town, 50 years of the USSR Str.	0,2124	for placement of commercial and warehouse objects	Transportation: highway adjacent Yelsk-Knyazhebo; to 2 km of roads of national importance Mozyr- gr.Ukrainy (P-31); to 186 km of the airport "Gomel"; up to 2 km Railway Kalinkavichy-gr.Ukrainy; There are access roads. Utilities: power supply up to 300 m line of 10 kV; Drinking water 300m 3,4322925 bar; process water up to 300m 3,4322925 bar; kanalizatsmya 300m-gravity collector; gas supply to 500m-pipeline of low pressure. Surrounding infrastructure: adjacent to the garage-building consumer cooperative №2 g.Elska to multi-family residential buildings.	no	22,81176
64	Dobrin agrotown, Dobrin village Soviet (in the cafe «Tavern»)	0,2	for placement of objects of roadside service	Transportation: highway to 0,1km Yelsk-Dobrinj; adjacent roads of national importance Mozyr- gr.Ukrainy (P-31); to 190 km of the airport "Gomel"; 5 km railway Kalinkavichy-gr.Ukrainy; There are access roads. Utilities: power supply up to 200 m line of 10 kV; Drinking water 300m 3,4322925 bar; process water up to 300m 3,4322925 bar; kanalizatsmya to 500m-gravity collector; gas supply to 1000m- pipeline of low pressure. Surrounding infrastructure: in the vicinity of the cafe "Tavern", adjacent to the alcohol plant CSEA "Dobrinj"	no	0,86
65	Dobrin agrotown, Dobrin village Soviet	0,5	for accommodation of industrial and warehouse objects	Transportation: highway adjacent Yelsk-Dobrinj; up to 1.5 km road of republican significance Mozyr- gr.Ukrainy (P-31); to 190 km of the airport "Gomel"; 5,5km to Railway Kalinkavichy-gr.Ukrainy; There are access roads. Utilities: power supply up to 200 m line of 10 kV; Drinking water 300m 3,4322925 bar; process water up to 300m 3,4322925 bar; kanalizatsmya to 500m-gravity collector; gas supply to 1000m-pipeline of low pressure. Surrounding infrastructure: in the vicinity of the service yard CSEA "Dobrinj"	no	1,7
66	Elsk town, Kotchichi tract	0,3	for accommodation of industrial and warehouse objects	Transportation: highway adjacent Yelsk-Kochischi; 3km to the roads of national importance Mozyr- gr.Ukrainy (P-31); to 186 km of the airport "Gomel"; 3km to the railway Kalinkavichy-gr.Ukrainy; There are access roads. Utilities: power supply up to 200 m line of 10 kV; Drinking water 300m 3,4322925 bar; process water up to 300m 3,4322925 bar; kanalizatsmya 300m-gravity collector; gas supply to 500m-pipeline of low pressure. Surrounding infrastructure: adjacent Ltd. "Polimervolokno", ChTPUP "Elskles", ChTPUP "GudvilPromstroy"	no	12,81

67	Elsk town, Kotchichi tract	0,15	for accommodation of industrial and warehouse objects	Transportation: highway adjacent Yelsk-Kochischi; 3km to the roads of national importance Mozyr- gr.Ukrainy (P-31); to 187 km of the airport "Gomel"; up to 3.5 km Railway Kalinkavichy-gr.Ukrainy; There are access roads. Utilities: power supply up to 250 m line of 10 kV; drinking water to 350m 3,4322925 bar; process water up to 350m 3,4322925 bar; kanalizatsmya 300m-gravity collector; gas supply to 2000m- pipeline of low pressure. Surrounding infrastructure: adjacent ChTPUP "GudvilPromstroy" workshop combat animal Yale raipo	no	6,405
68	Elsk town, 9 May St (district municipal market)	0,5	open parking to accommodate storage of cars citizens	Transportation: highway adjacent Yelsk-Knyazhebo; up to 2.5 km road of republican significance Mozyr- gr.Ukrainy (P-31); to 186 km of the airport "Gomel"; 1km to the railway Kalinkavichy-gr.Ukrainy; There are access roads. Utilities: power supply up to 100 m line of 10 kV; drinking water up to 50m 3,4322925 bar; process water up to 50m 3,4322925 bar; kanalizatsmya up to 100m-gravity collector; gas supply to 2000m- pipeline of low pressure. Surrounding infrastructure: market rprilegaet Yale raipo	no	68,6
<b>Zhitkovichi district</b>						
69	Zhitkovichi town, Proletarskaja str.	1	diverse	Power supply - 0,2 km; Thermal networks of 3 km; Drinking water of 0,2 km; Technical water of 0,2 km; Hot water of 3 km; Sewerage of 3 km; Gas supply of 0,3 km; The Road of republican purpose of M-10 - 2 km; Railroad of 3 km.	no	136,1
70	Zhitkovichi town, Socialisticheskaja str.	1	diverse	Power supply - 0,2 km; Thermal networks of 0,5 km; Drinking water of 0,2 km; Technical water of 0,2 km; Hot water of 0,5 km; Sewerage of 0,5 km; Gas supply of 0,1 km; The Road of republican purpose of M-10 - 5 km; Railroad of 2 km.	no	175,6
